## Principal's Corner

As I compose the April newsletter, the sun is actually shining! Just a reminder that as we move into April, there may still be days where our students need his/her coat and boots. Plus, they may even need hats and mittens. Please watch the weather and continue to send them.

I would like to thank Mrs. Touchet and our 3-5 students for an amazing concert! There is a ton of work that goes into the preparation of a concert. Plus, the off site location adds a whole new list of challenges. We appreciate your support of music education!

In April, we start with our state testing at the elementary school. Students in grades 3, 4, 5 will be taking the Wisconsin Forward Exam. The testing window for the Wisconsin Forward Exam can be found below in this newsletter.

Finally, I would like to recognize and thank all of our students for their hard work and great effort they devote to learning daily. We can't say "thank you" enough for sending us your wonderful children that give their best everyday in school.

## Attention Parents: DROP OFF CHANGE

We have a few changes to help with security and safety. Parents will **not** be allowed to walk children to classes if they arrive to school at or after 8:00 am. This will start on April 2, 2018.

This is in preparation for next year when all students will need to be dropped off and picked up from the lobby. These changes are to help with building security and for the safety of all students.

Thank you for your cooperation.

## Wisconsin Forward Exam

## National Library Week--April 9-13

*Libraries Lead* is this year's theme for National Library Week. Over the years, libraries have become a meeting place where people can meet and share ideas in a safe environment. The library is a place of discovery, whether it is through new authors or online resources. So, take some time this week to think about how libraries can lead you.

# Mission: Healthy Kids Screen Time Challenge

Welcome to the Mission: Healthy Kids Spring 2018 Wisconsin Healthy Schools Challenge: Healthy Minds. Mission: Healthy Kids, a partnership of Kohl's Cares and Children's Hospital of Wisconsin, is excited to offer this opportunity for all Wisconsin schools to participate from April 9-13.

For one week, ask your child/children to take the Screen Time Challenge. Instruct them to record the amount of time spent each day – outside of school – on screens.

This simple activity helps encourage students to become more aware of the time spent on computers and other devices. Find out how many hours a day they are spending on screens, when it's healthier for their minds and bodies to spend that time being active, interacting with family and friends and focusing on mindfulness.

The Screen Time Challenge will be sent home in April. Please help us with this challenge.

## Learning the History of our National Anthem

Mrs. Touchet's 5<sup>th</sup> grade RTI students are performing a play reenacting Francis Scott Key writing the words to our National Anthem during the War of 1812.

The Freedom Elementary Destination Imagination team took first place at the regional competition and qualified for the state competition. Congratulations!
