Principal's Corner

As we approach the end of the year, it's hard to believe that we are already in December! This has been a wonderful year so far, and I would like to begin by congratulating our students, parents, and staff for their hard work and dedication. Freedom Elementary School has received a "4-Star Exceed Expectations" rating on the 2024 State Report Card! This achievement is a testament to the strong partnership between our school and families, and we appreciate all your support in providing an excellent education for every child.

December is always an exciting and busy time here at FES, and we are looking forward to the many activities we have planned. Please take a moment to review the attached calendar for important dates and events. Our school community will be buzzing with energy as we prepare for the holiday season.

This year, we are excited to announce that we will be hosting **4K, Kindergarten, 1st, and 2nd grade Holiday Concerts** at FES. These performances will showcase the hard work and creativity of our young students, and we hope you can join us for these festive events. Please keep in mind that parking may be tight during concert times, so we appreciate your patience. To help with this, we will be opening the primary playground for additional parking space.

In addition to the concerts, we will also be celebrating the **12-Day Countdown to Christmas Break**, with fun activities leading up to the final day of school before the holiday break. Please look for the sheet in this newsletter on how students can participate in this exciting countdown.

On behalf of the entire staff at Freedom Elementary School, I would like to wish you and your family a joyful holiday season. Thank you for your continued support and involvement in our school community. We look forward to finishing the year strong and celebrating all of the wonderful achievements of our students! Happy Holidays to all!

Cold Weather/Blackboard Connect 5 Call Out

Holiday Break

The Holiday Break for Freedom Elementary School is scheduled for **December 23 to January 1**. The office will be closed. School resumes on January 2. You may contact the District Office at 920-788-7944 for any questions.

Girls on the Run

Girls on the Run had their final Celebration 5K at Fox Valley Tech on November 16th. They did an awesome job! For their community service project this year, Girls on the Run chose to make bookmarks for the residents at Country Villa Assisted Living. They were so grateful to receive so many beautiful bookmarks and the girls had a great time serving their community. If your daughter will be in 3-5th grade next year and would like to be part of this awesome program, watch for information for next year's team coming out in May. A big thank you to our wonderful coaches for this season: Ms. Vanderloop, Mrs. Franke, Mr. McManus, Mr. Garvey, Mrs. Hayes, Mrs. Vandehey, and Mrs. Thews.

Student Council News

FES Student Council members spent the week of November 11 collecting brand new hats, gloves, and mittens to donate to the Freedom Food Pantry to help keep those in need warm in the winter months ahead. Students made posters, manned the donation table and helped to count and pack the items as they came in. We had over 190 items donated, some of which were even handmade, as seen in the photo of the two sisters. Thank you to all families for your donations!

The Fluency Journey: Learning and Assessment

Fluency is not just reading fast – it's reading, for meaning, and even joy. And as one of the five foundational reading skills, it's also essential to teaching reading explicitly. This post explores what fluency is, why it matters, and how you can cultivate it in your reading classroom.

The Science of Reading tells us that foundational reading skills must be taught explicitly and systematically, and fluency is no exception. Developing reading fluency is a gradual process that requires consistent practice and exposure to different types of texts. There are several stages and skills that support the development of reading fluency.

- **Fluency starts with accuracy in decoding.** As students practice and improve their phonics skills, they can accurately recognize and decode more and more words. This helps them move from laborious reading toward more efficient reading.
- **Speed comes as a result of accuracy.** As students become more accurate in decoding, they can read words more quickly. Accuracy helps reduce the time it takes to identify and process each word, allowing for a smoother and faster reading experience.
- **Fluency practice helps with automaticity.** And the more students develop both accuracy and speed, the more they develop automaticity.
