Principal's Corner

Dear Parents/Guardians,

We have just completed the first month of school. It is exciting to see the students getting back into the routines of school. Throughout the school year, students will participate in various reading programs for our school-wide reading. You may see Book- It, Tundra Tales, and Fang's Reading Program. Homeroom teachers have or will be sending home calendars for students to record their reading minutes.

We will again be doing Halloween at FES this year. We will have students come to school on Thursday, October 31 with their costumes already on. We ask that students do not wear Halloween masks to school. Due to safety, no inflatable costumes will be allowed anymore. We will be having classroom parties, but remember snacks must be NUT FREE. Please do not send **any baked goods** unless it is **packaged with a made in a nut-free facility**.

FES completed full implementation of standards-based report cards last year. Our report card will continue on semester grading. This means we will be completing report cards for parent access in Skyward in January and May. In addition, we will host parent/teacher conferences near the end of the first and third quarters to inform parents of their child's progress. If you are unable to attend conferences in October, please reach out to your child's homeroom teacher. We feel contact at the end of the first quarter is beneficial to the foundation of the school year. Spring conferences will continue to be by appointment- either teacher-requested or parent-requested.

Again, on behalf of the FES staff, we appreciate your support as we continue through the 2024-2025 school year.

Scheduling for Parent/Teacher Conferences

We have parent/teacher conferences in October. The conferences will be held on **October 16** (3:30-6:30 pm) and **October 24, 2024** (3:30-6:30 pm). Conferences will be scheduled through Skyward for both days. Grade 4K-4 will be 15 minutes and 5th grade will be 10 minutes slots. You only need to attend one of the conference days. 4K has 15 minute slots available on Friday, October 25, 2024 times between 8:00 am - 11:15 am. The signup window for conferences is **October 7-October 14, 2024**.

Appointments

This is a reminder that if your child has an appointment or sees a doctor when they are ill, please ask the provider for a medical note to excuse your child from school. This note is very important in reporting accurate attendance. If you do not provide a medical note, it will be considered an absence within your 10-day limit.

Reminder:

- Parents need to send a note or call **before 2:00 p.m.** if there is a change to pick up for your children.
- We have over 700 students and many parents call with special requests which are very difficult to juggle at the end of the school day. Please **send a note** when there is a change for your child in transportation. Students may not ride a different bus again this year per Lamers.
- School fees are now considered overdue if you haven't taken care of it already. Please pay by e-funds in Skyward or send in your check/cash to the FES office as soon as possible. K-5 is \$35.00 and 4K is \$30.00. K-5 Tech Fee is \$15.00.
- If you choose to buy milk at milk break, it is \$50.00 for the year for K-5 students and \$25.00 for PK and 4K students. Those students who have not purchased milk will not be able to take it.

Attendance Reminders

Regular attendance and promptness are essential requirements for success in school.
Our Policy

Please call the Elementary School Office at 920-788-7950 by 8:00 a.m. if your child is absent. The school line is open 24 hours a day, to report absences.

- If your child is reported absent by the classroom teacher and you have not notified us that he/she is not coming to school, one of the school secretaries will be calling your home and/or work.
 - The purpose of this is:
 - To determine and verify absence.
 - For your child's safety---for example, if a child is expected to be at school and does not arrive for some reason, the parent would not be aware of this until it is time for the child to arrive home.
 - Because we are concerned for your child's well-being, health and safety.
 - Wisconsin Truancy Law requires a parent verification stating the exact reason for the absence in order for absences to be considered as excused. Habitual unexcused absences can lead to truancy.
- According to Wisconsin State Statute, a student who is excused in writing by his/her parent/guardian before an absence occurs will be excused from school, but a student may not be excused for more than ten (10) days in the school year.
- In order to not affect cumulative attendance, please provide a doctor's note whenever possible.
- An absence is defined as "part or all of a day" not in school during the designated hours of 8:00 am to 3:05 pm.
- Students are considered tardy when arriving after 8:00am. This does count as an absence.

Taste Test Tuesday

The foodservice department is excited to announce "Taste Test Tuesday"

Every month we will have students sample something new that will be put on the menu the following week. Doing this gives the students a chance to try something new, and also know what will be on the menu for the following week! During lunch we will provide a small portion of an entrée that we will serve the following week to ALL students, regardless of hot or cold lunch. The first item will be on Tuesday October 22. The kids will be trying a Pancake on a stick. It is a pancake wrapped breakfast sausage on a stick! The new menu item will be offered on Wednesday October 30.

The Importance of Reading 20 Minutes a Day

No doubt, you've heard the advice. Reading with your children 20 minutes a day is important. But why is it so important? Here are some big results you can expect when you commit to a daily reading routine with your children.

FAMILY BONDING

Reading is a great way to spend quality time with your children. From nightly bedtime stories to trips to the library, your children will look forward to spending this one on one time with you every day.

PRACTICE MAKES PERFECT

The more you and your child read together, the more they will improve their vocabulary, comprehension, and sight reading skills. A reading routine goes a long way in building these reading foundations.

DO YOU HEAR WHAT I HEAR?

Reading to your child boosts their listening skills, which are important for later reading and understanding. Listening to a parent read aloud helps children increase their ability to concentrate in school.

GET READY FOR SCHOOL

If you want your child to walk in to their first day of school ready to succeed, the best thing you can do is read to them each day. This reading routine builds their vocabulary and benefits them when they start reading on their own.

KNOW IT ALL

All subjects, including science and math, require reading and comprehension skills. In fact, when kids read more outside of school, they have higher math scores.* Reading is an essential part of education from kindergarten through college no matter what you are studying, so starting early and reading often will set your children on the path to academic success.

STOP AND GIVE ME 20 - EXERCISE YOUR BRAIN

We all know the importance of exercise for the body, but it's just as important for the mind. Reading every day builds new brain synapses and forges new connections. One study shows that reading instruction can cause the brain to rewire itself and produce new white matter, and it improves communication throughout the brain.**

READING IS JUST WHAT THE DOCTOR ORDERED

The American Academy of Pediatrics promotes that "Reading regularly with young children stimulates optimal patterns of brain development and strengthens parent-child relationships at a critical time in child development, which, in turn, builds language, literacy, and social-emotional skills that last a lifetime."
